

This architectural section drawing illustrates a building facade. On the left, a staircase with horizontal steps leads up to a platform. Above the staircase, there are several windows: a large double door with transoms, and three smaller rectangular windows. To the right of the staircase, there are three more rectangular windows. Further right, there are three more rectangular windows. The top of the drawing shows a roofline with a flat section and a sloped section. The drawing uses yellow lines for walls and windows, and red lines for doors and windows. The floor is indicated by a hatched pattern at the bottom.
